4. Upon review of our files, there does not appear to have been any intent to deceive the U.S. Patent and Trademark Office as to the actual entity status of the assignee at the time of paying the issue fee or any definitive indication of events that would have caused the loss of entitlement to claim small entity status at the time the issue fee was paid.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true, and the these statements are made with knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, and any patent issuing thereon, or any patent to which this declaration is directed.
